the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, in a sealed cover and superscribed as "Tender for constructing a pump tank of 10,000 gallons capacity near Municipal Dispensary, constructing a pump house (as per design) and pump connection to the overhead tank in connection with the improvement of water supply to Vani Vilas Mohalla, Mysore City." The name of the tenderer should also be superscribed on the top of the cover.

4. Tenders should be quoted on percentage basis, instead of quoting rates for individual items.

5. Items not provided for in the estimate will be calculated as per schedule rates as per data worked out during the execution of the work subject to the same deduction of percentage as is agreed to by the contractor in his tender.

6. Each tender must be accompanied by a duplicate chellan for having credited into the Treasury the deposit amount of Rs. 260 under "17 (*a*) P. W. Deposits" or Mysore Government Bonds duly endorsed at face value or market value, whichever is less as earnest money.

7. The stipulated progress must be shown from the very commencement failing which the contractor is liable to be fined, forfeit his earnest money, and finally have his contract cancelled without further notice.

612

Notification, dated 18th July 1944.

Sealed tenders will be received at the Office of the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, up to 1 P.M. on 14th August 1944, for "Constructing an R. C. C. Tank of 30,000 gallons capacity on 30 ft. R. C. C. staging of Intze type as per approved design for III Block, Vani Vilas Mohalla, Mysore. The work should be completed before the end of November 1944. The tender should be accompanied by detailed drawings of the tank with design calculations.

2. Tenders should be submitted in printed forms which may be obtained from the office of the Sanitary Superintending Engineer on payment of four annas each. Further, each tender must be accompanied by a deposit of Rs. 600 in cash as earnest money and be superscribed "Tender for constructing an R. C. C. water supply tank, 30,000 gallons capacity on 30 ft. R. C. C. staging at III Block, Vani Vilas Mohalla, Mysore", in default of which the tenders will be rejected.

3. The final acceptance of the tender will rest with the Sanitary Superintending Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

4. The required quantities of cement and steel will be supplied departmentally and the usual centage levied. The tender should be for completing the tank in all respects.

5 Foundation to be taken sufficiently deep up to hard ground and load restricted to one ton per square foot.

6. Other particulars regarding the rules, specifications for the tank, etc., may be had at the office of the undersigned between 12 NOON and 6 P.M. on all working days.

N.B.—The cost of departmental materials will be deducted in the bills with centage.
